

## AUTHOR'S NOTE

That which is nameless and beyond description is called by many names: *Source. Oneness. I AM. God. Adonai. Allah. Christ. Shechinah. Shakti. Tao. Love.* In Hebrew alone, there are at least seventy-two different names for God. If one name, or no name at all, finds favor with you, please feel free to substitute accordingly wherever a name for the Nameless appears in the following pages.
