

In the Presence of Love with author Ani Tuzman

Pacific Northwest Tour

Ani will read passages from *The Tremble of Love: A Novel of the Baal Shem Tov*, an exquisite reimagining of one of history's most revered and revolutionary mystics that has been hailed as "a rare work of transformative fiction." We will pause for a lovely, brief Havdalah ceremony, replete with blessings, wine, fragrance, and candlelight, to mark the end of Sabbath. Havdalah will be followed by discussion and book signing.

"The Tremble of Love presents a world where death, loss, tragedy, accident, and disease are never far away, but also where the human capacity to hold and heal are almost always nearer than imagined—because God, who is Love, is also astonishingly nearer than imagined."

—Rabbi Nancy Flam, founding director of the Institute for Jewish Spirituality
